Day 30

JUNE | 2021

Eritrea

PRAYER FOR THIS COUNTRY

Magnificent and glorious God, instruct Eritrea's President Isaias Afwerki and the Sudanese officials to arrive at a fruitful resolution to ease tensions with the government of Ethiopia. Convict Eritrea if it had violated Ethiopia's sovereignty when it deployed its army and security personnel in Tigray and stop them from committing war crimes. Order liberation for the isolated country of Eritria from the 30-years authoritarian rule seen as the world's most repressive regime, from compulsory conscription to the ongoing exodus of refugees. Thrash down the strongholds of the enemy, impose independent legislative or judicial branch and free the press. Instigate the leaders to repent of the disgraceful acts and violations of the human rights law. Expose the Eritreans highly secretive prison system, and release the prisoners indefinitely detained without trial, charges or access to family or lawyers. Refresh the Christian Believers with Your power to declare that if the Son of God, Jesus Christ makes people free, they will be free indeed (The Bible, John 8:36).

MORE ABOUT THIS COUNTRY

Politics of Eritrea takes place in a framework of a single-party presidential republican totalitarian dictatorship. The President Isaias Afwerki, officially serves as both head of state and head of government. There have been no general elections since its official independence in 1993. The leaders of Eritrea, a country ranked 182/189 in the United Nations' 2019 Human Development Index, however, surprisingly chose to reject the vital equipment Ma offered to send them.
