Day 9

JUNE | 2021

Mali

PRAYER FOR THIS COUNTRY

Most benevolent and authoritative God, bestow Your divine power over Mali, one of the world's poorest countries struggling to contain an Islamist insurgency in the country. Protect the Malians from death, destruction and devastating threats causing thousands to flee their homes. Direct other countries like Egypt to transport medical and food supplies to Mali to support the Malian people in the face of the pandemic and help the country to contain the outbreak of COVID-19. Encourage the United Nations Peacekeeping Forces in Mali to ensure international human rights law, protection of civilians in armed conflict zones and to fight conflicts in Mali due to the risks of COVID-19 infection. Preserve lives of the 25-year old mother of Mali and her nonuplets through special care offered for their survival. Comfort the exhausted Malian Christian Believers that as a mother won't forget the baby at her breast and have compassion on the child she has borne, You will remember them and embrace them (The Bible, [Isaiah 49:15](#)).

MORE ABOUT THIS COUNTRY

Mali struggles to keep peace with ever-present tribal tensions, and the presence of many radical Islamic militant groups in the north. Although a secular state with religious freedom, Islamization severely hampers opportunities to reach Malians. The northern regions are home to at least three known Islamic terror groups and are nearly impossible for the government and security forces to police. Growing dissatisfaction with this state of affairs has resulted in massive public protests this year calling for the resignation of the president.
