Day 26

JUNE | 2021

Tunisia

PRAYER FOR THIS COUNTRY

Revive the hearts of the Tunisian Christian believers to wait upon the Lord in prayer and rise up with the rejuvenated strength. Bring hope and healing to the frightened Tunisians warned of the epidemiological danger as the country is battered by a third wave of the COVID-19 pandemic. Cause them to open their hearts to You when the Eid Al-Fitr worship centers are closed, threatened by a health crisis. Lead the leaders of Tunisia to seek God's divine intervention as the gross domestic product shrank 3% in the first quarter of 2021 due the impact of the CORONAVIRUS pandemic. Strengthen the Churches with Your power, according to Your glorious might, for all endurance and patience with joy. Increase faith in them to experience Your immeasurable greatness of power toward them (The Bible, Colossians 1:11).

MORE ABOUT THIS COUNTRY

The current President of Tunisia is Kais Saied and the Prime Minister is Hichem Mechichi. The CORONAVIRUS pandemic has put the spotlight on struggling health services in southeast Tunisia, with residents and doctors in a COVID-19 hotspot deploring a lack of equipment and medics. The North African country had managed to contain its outbreak by moving early and imposing strict measures, but cases have been on the rise since it reopened its borders.
