Day 22

JULY | 2021

Ethiopia

PRAYER FOR THIS COUNTRY

Lord, may Ethiopia Leaders and the Ethiopians realize that You are the King of Kings, ruler of the entire universe and all things are possible with You. Grant good and suitable leaders who will focus on the primary needs of the people and provide them livelihood. As Ethiopia is due to hold elections on 21 June, despite a bloody conflict and looming famine in the north and escalating tensions among its biggest ethnic groups, set the suffering people free from anxiety and the rising threat of famine. We pray for the struggling people, as the COVID-19 pandemic continues to wreak havoc on their lives and livelihoods. Although the COVID-19 vaccine offers a ray of hope for their future in Ethiopia, reveal to them Your loving care and powerful authority over all (The Bible, Exodus 14:18).

MORE ABOUT THIS COUNTRY

On a cold blustery summer morning, heightened fears of the COVID-19 pandemic blended with a glimmer of hope shroud the Ethiopian capital Addis Ababa. The wailing sirens of the speedy emergency ambulances that transport COVID-19 patients from different corners of the city to treatment and quarantine centers throughout the rainy day cause uneasiness across the city. To fight fears, some people of the bustling metropolis with an estimated 5 million people, which has not seen a COVID-19 total lockdown, have begun flocking to Alem Art café and gallery.
