Saudi Arabia

PRAYER FOR THIS COUNTRY

Bring conviction into the hard-hearted leaders of Saudi Arabia and make them rectify the human rights violation. Embolden the Church to fight against the atrocities done against people and defend the cause of the voiceless. While the crown prince, Mohammed bin Salman was given the highest-level welcome by the US officials, make the Biden administration keep the word made during his presidential campaign of making a “pariah” of the kingdom’s crown prince over Khashoggi’s killing and other abuses. Lord, stop the renewed hostility of Saudi Arabia toward Israel as the Saudi move is part of an escalating competition with the United Arab Emirates for the mantle of regional powerhouse. Saudi Arabia’s response to the COVID-19 pandemic has placed it at the highest ranks on several international indexes. Make the kingdom bow before God, the King of Kings (The Bible, Romans 14:11)

MORE ABOUT THIS COUNTRY

The Kingdom of Saudi Arabia has a rich history steeped in desert culture. That desert life was forever altered about 70 years ago when 25% of the world’s oil reserves were found beneath the sand. Mecca is located in Saudi Arabia. Approximately two million Muslims from Saudi Arabia and around the world arrive there annually for the Hajj. The Saudi government is also known to be a generous contributor to the propagation of Islam around the world. Despite this, many Saudis are very approachable on the topic of religion.
