India

PRAYER FOR THIS COUNTRY

Prime Minister Modi's disappearance from the public arena during the months of India's horrible second wave of COVID-19 caused confusion and frustration among his supporters. Now he is back in the limelight, seeking to restore his public image. Today, we declare over India that it is the Lord Jesus who has overcome this world. It is Jesus who won the victory over death itself which brings us peace. We pray that millions of people across India will experience the peace of the Lord Jesus (The Bible, [John 16:33](#)).

MORE ABOUT THIS COUNTRY

The world's second-most populous country, India offers a vast array of languages and cultures. India gave birth to Hinduism but hosts the world's second-largest Muslim population. Although India is known as the world's largest democratic country, according to the World Watch List, it is now ranked the 10th most dangerous place for Christians to live due to increased persecution. Although the Indian constitution allows for freedom of religion, many Indian states have adopted anti-conversion legislation. Converts to Christianity are under constant pressure to reconvert; they are often physically assaulted and sometimes killed.
