PRAYER FOR THIS COUNTRY

Praise Report

Praise God for the Christian organizations trying to reach out to Algerians through radio, literature, satellite TV, portable media, and Bible correspondence courses. Praise God for those responding positively and accepting Jesus Christ as their Savior (The Bible, [Hebrews 6:17](#)).

Prayer Request

We declare God's mighty power upon the community of Christian Believers from a Kabyle Berber background to enjoy a spirit of unity, which will stand out from the long history of conflict among ethnic groups (The Bible, [Psalm 133:1](#)).

We bless Algeria with the grace of God to have more workers to help strengthen the local Churches and take the love of God to the unreached people all over the country for a real-life (The Bible, [Jeremiah 7:3](#)).

Call to Salvation

Pray that a wide distribution of Christian literature and resources by the Bible Society in Algeria in the local language formats will enable the persecuted Churches to continue to grow and spread the Gospel across the country (The Bible, [Mark 13:10](#)).

MORE ABOUT THIS COUNTRY

Algeria moved two spots up and is listed in the 24th position in the World Watch report 2022 of Christian persecution on the rise. Abdelmadjid Tebboune is the president of Algeria and Aymen Benabderrahmane has been the prime minister since 30 June 2021. Algeria is the largest nation in Africa. The Berbers were the native people and the nation's first inhabitants. Islamic expansions during the 8th and 11th centuries were highly influential, as the new religion and Arabic language were brought to the region. French ethos and socialist ideas became expressive during the French colonial rule, which began

during the 19th century, similarly affecting Algerian culture and thought. The struggle for political control has cost the lives of over 100,000 people. Islamist factions continue to emerge, and the government, which identifies itself as Islamic, is making concessions to these extremists at alarming rates. The serious influence of Islam in Algeria and the government's promotion of extremist ideals continue to determine the nation's spiritual climate.
