Day 18

OCTOBER | 2022

PRAYER FOR THIS COUNTRY

Praise Report

We praise God that despite unrelenting restrictions, Yemeni Christian Believers have found ways to meet together through social media and secret gatherings, the Church continues to grow, and more people are turning to Christ than ever before, seeking His help in their dire straits (The Bible, [Psalm 46:1](#)).

Prayer Request

We declare God's mercy upon more than 20 million people in the country, roughly 80% of its population, having a hard time getting enough food and water to survive to escape the worst humanitarian crisis in the world 9 The Bible, [Job 36:15](#)).

Pray against the direst issue in Yemen that it remains one of the least evangelized nations on earth. Only 0.2% of its population knows and follows Christ; 99.7% of the population is Muslim. Increase the zeal in the hearts of the Christian Believers to witness about Christ (The Bible, [Romans 1:15](#)).

Call to Salvation

We declare God's mercy and compassionate grace upon the Yemenis that they will endure the many hardships in life and receive enough providence to survive the severe famine and the pandemic by calling on the name of Jesus Christ in their distress (The Bible, [Psalm 116:4](#)).

MORE ABOUT THIS COUNTRY

Yemen has moved to 5th place in the World Watch report 2022 by Open Doors as Christian persecution has enormously increased. Yemen's President is Incumbent Rashad al-Alimi since 7 April 2022. The Prime Minister is Maeen Abdulmalik Saeed. Yemen was historically known as Arabia Felix or the "Happy Land." That's because this small nation used to be one of the most fertile regions in the Arabian Peninsula. Yemen's mountain ranges were welcoming sites for rain and agriculture. But today, Yemen is sadly the poorest Arab nation and is currently facing the world's largest humanitarian crisis. Decades of war and unrest have torn this nation apart, leaving it crippled by long-standing social, political, and economic instability. Most believers are first-generation. The majority of expatriate or migrant Christians have fled due to war and violence. Of the few believers that remain, most have converted from Islam. If discovered, they are often banished from their tribe or brutally murdered. Evangelism is against the law and those who do so risk death.
