PRAYER FOR THIS COUNTRY

US Ambassador in Amman Henry T. Wooster said that nothing about Jordan being wounded, harmed, or weakened helps the interests of the US. The \$10.15 billion US assistance to Jordan provided under the US-Jordan Memorandum of Understanding on Strategic Partnership comes without stipulating conditions, and is intended to support the Kingdom's water infrastructure and public sector. The US is committed to supporting Jordan and the country's home-grown reforms. Pray that the assistance helps reinforce the Economic Modernization Vision, the Political Modernization Initiative and administrative reforms. Pray that the Jordanians suffering with many crises will benefit through the grants and be thankful to God for the living waters (The Bible, [John 7:38](#)).
