OCTOBER | 2023

PRAYER FOR THIS COUNTRY

### Praise Report

Praise God that He is continuously restoring the Land of Israel and that the nation will recognize the mighty hand of God and bow before Him (The Bible, [Jeremiah 30:3](#)).

### Prayer Request

We pray for God's glory over Israel and uplift the nation in prayer. We pray for supernatural protection, peace, and safety for all Israelis (The Bible, [Luke 10:19](#)).

We pray for God's wisdom for the Israeli government and its military leadership. We pray for compassion and empathy to supersede emotions of vengeance in all decisions of the Unified government for the war.

We pray for the members of the Hamas and the Hezbollah. We pray for all those bearing arms against Israel to have a Road to Damascus experience like the Apostle Paul and give their lives to the Lord (The Bible, [Acts 9:1-10](#)).

### Call to Salvation

We pray divine blessings over the country of Israel that Israelites will turn to the Lord with renewed spiritual rising. Empower the evangelical leaders to proclaim to the Israelites the Messiah, the Lord Jesus Christ (The Bible, [Numbers 6:24-26](#)).

### MORE ABOUT THIS COUNTRY

On October 7, 2023, more than 3,000 rockets fired by Hamas (a militant group in the Palestinian territory) rained on southern Israeli towns. In a subsequent assault by land and sea, Hamas killed over 1000 Israelis, 22 American citizens, and several other foreign tourists. In addition, several hundred Israeli citizens and tourists are held hostage by Hamas to try and soften an Israeli response. As in the past, the terrorist organization badly underestimated the resolve of their Jewish opponent. After a fierce missile and aerial attack

that killed nearly a thousand Palestinians in Gaza and more than 50 casualties in the West Bank, the Israel Defense Force (IDF) mobilized thousands of reserves for a ground war. With a Unified Government for the War on Hamas leading the charge, Israel aims to erase the terrorist organization from existence. The attack caught Israeli intelligence agencies by surprise. Ironically, the attacks happened because Israeli troops relocated from the south to protect settlements in the West Bank in recent months.
